

## **CLR-15 (Fwd) Headquarters and Services Company**

I would like to take this chance to introduce myself and my Company Staff to the families of the Marines of Headquarters and Service Company, Combat Logistics Regiment-15. My name is 1st Lieutenant Eric Trung and I am the H&S Company Commander, our Company 1st Sergeant is 1st Sgt Gamboa, our Company Gunnery Sergeant is Staff Sergeant Green, and our Company clerk is Corporal Behn. Our main job here as the Company staff is to take care of your Marine's administrative requirements and to ensure their well being.

For most of us this will be our second or third time here at Camp al Taqaddum and a lot has changed since the last time we were here. Living conditions have improved greatly, our Marines & Sailors now live in clean and air-conditioned cans, get 4 remarkable meals a day, and get to workout in one of the best Gyms in Iraq. Everyone here is motivated and working hard to serve our country and help the Iraqi people take one step closer to building a strong government. Your Marine may seem to have everything they need to survive out here but the most important thing is your love. I wanted to take this time to thank you and your family for the love and support that you have shown to your Marine or Sailor in this time of conflict that our country is going through. It is because of your love, support, and sacrifice that allow him or her to do the job proudly and bravely. Please continue to show your support for their hard work through letters and care packages.

Semper Fidelis, Eric Trung, 1stLt USMC
